SUMMARY

Motivated Bachelor of Computer Applications (BCA) graduate with practical experience in Machine Learning, Data Science, Web Development, and Graphic Design through multiple internships. Skilled in Python, HTML, CSS, WordPress, Machine Learning, and responsive web development. Passionate about learning emerging technologies and contributing innovative solutions in a collaborative environment.

EDUCATION

BACHELOR OF COMPUTER APPLICATION

Islamiah Women's Arts & Science College | **THIRUVALLUVAR UNIVERSITY (2023-2026)**

Percentage: 80.1%

HIGHER SECONDARY (HSC)

Islamiah Girls Higher Secondary School **(2021-2023)**

- Board: State board
- Course Work: Physics, Chemistry, Biology & Computer Science
- Percentage: 66.5%

TECHNICAL SKILLS

Programming Languages:

Python, Java, JavaScript

Machine Learning & Data Science:

Machine Learning, Exploratory Data Analysis (EDA)

Web Development:

HTML, CSS, Responsive Web Design, WordPress, Elementor

Libraries & Frameworks:

Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

Tools & Platforms:

GitHub, VS Code, Canva, Microsoft Office (Word, Excel, PowerPoint)

INTERSHIP EXPERIENCE

Machine Learning Intern | SIIT Technologies - 2025

- Completed a Machine Learning internship with hands-on training in data analysis and predictive modeling.
- Developed a **Credit Card Fraud Detection System** using machine learning techniques to identify fraudulent transactions.

- **Key Tech Used:** Python, Machine Learning, Scikit-learn, Classification Modeling, Data Preprocessing.

Data Science Intern | Prodigy InfoTech - 2026

- Completed a Data Science internship with practical exposure to data analysis and machine learning concepts.
- Worked with real-world datasets to perform data cleaning, preprocessing, and exploratory data analysis.
- **Key Tech Used:** Python, Pandas, NumPy, Data Visualization, Machine Learning.

Graphic Design Intern | OASIS INFOBYTE - 2026

- Designed creative posters, flyers, and social media graphics for digital marketing campaigns.
- Applied typography, color theory, and layout design principles to create visually appealing content.
- **Key Tools Used:** Canva, Adobe Express, Typography, Branding, Digital Design.

PROJECTS

Credit Card Fraud Detection System

- Developed a machine learning model to detect fraudulent credit card transactions using classification algorithms.
- Performed data preprocessing and feature engineering to improve model performance.
- Evaluated multiple models using accuracy, precision, recall, and confusion matrix metrics.
- **Key Tech Used:** Python, Scikit-learn, Pandas, NumPy, Machine Learning.

Abinaya System Website

- Designed and developed a responsive business website for a CCTV and networking company.
- Built user-friendly webpages using WordPress, Elementor, HTML, and CSS.
- Improved website responsiveness, navigation, and overall user experience.
- **Key Tech Used:** WordPress, Elementor, HTML, CSS, Responsive Web Design.

House Price Prediction Using Linear Regression

- Developed a predictive model to estimate house prices using the Linear Regression algorithm.
- Collected, cleaned, and pre-processed housing data for model training and testing.
- Evaluated model performance using regression metrics and data visualization techniques.
- **Key Tech Used:** Python, Scikit-learn, Linear Regression, Pandas, NumPy.

Responsive Landing Page

- Designed and developed a modern, responsive landing page using HTML and CSS.
- Implemented responsive layouts compatible with desktop, tablet, and mobile devices.
- Created an attractive user interface with structured sections and intuitive navigation.
- **Key Tech Used:** HTML5, CSS3, Responsive Web Design.

Social Media Sentiment Analysis

- Developed a sentiment analysis application to classify social media comments into positive, negative, and neutral sentiments.
- Performed text preprocessing and sentiment analysis using Natural Language Processing techniques.
- Analysed user opinions to generate meaningful insights from textual data.
- **Key Tech Used:** Python, NLP, Pandas, Data Analysis.

CERTIFICATIONS

- Machine Learning Internship Certification – **SIIT Technologies**
- Full Stack Web Development Course – **Sun Software Solutions**
- Learnathon – **ICT Academy**
- Web Development & AI Hands-on World Record Workshop – **SIIT Technologies**
